Drew Hansen

SENIOR UX/UI & MOTION DESIGN

drewhansen.design | 484.767.9893 | drewhansendesign@gmail.com | Denver, CO

PROFESSIONAL SUMMARY

Senior Product & UX Designer with over a decade of experience taking complex systems and turning them into intuitive user experiences. Specializing in mobile-first design, scalable design systems, and utilizing my motion design background to create lovable interactions. Proven track record of leading platform-wide initiatives and modernizing legacy platforms for brands like Tinder, The North Face, and Sam's Club.

MY TOOLBOX

Pen & Paper	Lottie	Adobe Illustrator	HTML
Figma	Cinema 4D	Adobe Photoshop	CSS
Google Gemini	Adobe After Effects	ProCreate	Git

EXPERIENCE

SAM'S CLUB

Sr. UX Designer - Contract | Jan 2024 - March 2026

- Led the design strategy to replace a 40-year-old legacy Point-of-Sale (POS) platform with a modernized mobile experience for members and associates utilizing the Blue Steel design system.
- Modernized the Annual Inventory experience by replacing another legacy pen-and-paper workflow with a custom mobile app that syncs with existing inventory software.
  - Replaced ~7 million pages of paper (saving nearly $335k yearly), reduced the time taken by 4 weeks, removed 304k manual tasks, and improved net variance by up to 35% in most clubs.
- Created new workflows for the Tire & Battery Center tablet app to improve the associate experience while working in the bays and also the member experience such as SMS notifications for service, a new sales tool for improved tire recommendations, and a supplier portal for simplified returns.

TINDER

Sr. Product Designer - Contract | Dec 2022 - Sep 2023

- Created native mobile experiences for the core Discovery & Explore areas of the Tinder app which included A/B testing creative for the Explore homepage as well as prototyping new interactions for the Sparks brand refresh.
- Conceptualized and designed the "Let's Meet" feature, driving in-person meetups and successfully elevating the overall brand perception of Tinder.

EXPERIENCE CONTINUED

JUMPCLOUD

Sr. UX Designer | Aug 2021 - Nov 2022

- Co-built and scaled the Stratus Design System library, leading platform-wide initiatives to ensure visual consistency and accessibility across all product verticals.
- Championed a mobile-first design culture in a previously desktop-only environment by designing the first native mobile app for the JC Admin Portal.

VF CORPORATION

Sr. UX Designer | Jun 2020 - July 2021

- Led the end-to-end UX redesign for thenorthface.com to optimize the e-commerce shopping experience and elevate the brand look & feel to build consumer trust.
- Designed and maintained a white-labeled design system and comprehensive style guide with swappable design tokens utilized by The North Face, Vans and Timberland.

ATHLINKS (LIFE TIME FITNESS)

Sr. UX Designer | Jan 2017 - Mar 2020

- Owned the end-to-end design process for the Athlinks mobile app, website, and middleware apps including user research, wireframing, interaction design, and visual design.
- Bridged the gap between design and engineering by implementing frontend CSS styling to the native mobile app.

EFFECTIVE UI (OGILVY)

UX Designer → Sr. UX Designer | Dec 2014 - Jan 2017

- Delivered user research, wireframes, UI design, and motion design solutions for high-profile enterprise clients including Comcast, Wells Fargo, and American Express.
